Laskay Hall - Temperance, Women's Institute, and Community Gathering Place

Senator David Reesor of Markham, a man with strong Reform leanings and member of the Methodist Church, donated land for a Temperance Hall in 1858 to support what to him was undoubtedly a worthy cause.

The Hall was built on Weston Rd in Laskay by the Sons of Temperance No. 220 and opened in early 1859. The branch was turned over to the Women's Institute after 'local option', a way of controlling the distribution of alcohol, came into effect. During the years of the WI there were many fundraising concerts, dances, and socials. The ladies of Laskay worked hard to maintain the community and the building through the efforts of their membership.

The later contributions of the Laskay Hall Board volunteers enable us all to enjoy this building years later. Moving the structure will allow those community social events to continue but with better services such as an energy efficient furnace, and safer and more expansive parking for guests.

Senator Reesor might never have imagined that 158 years later the building would be moved 2 kms to King Rd to begin a new life at the Heritage and Culture Centre.

Laskay Hall... to its past and to its future!

Kettleby's Ode to Canada's 150th! ~ Gerry Allestson

Kettleby hosted a lovely birthday bash on Canada Day, celebrating 150 years of the Confederation since 1867. Kettleby Village turned 175 this year and Christ Church turned 125 – the Lions turned 100 and the York Pines United turned 50 - many reasons to celebrate! A crowd of about 2,000 enjoyed a great performance by the Mkwā Manitou Singers Mississauga of Credit First Nations. The Children's Theatre production was a history of Canada; there were singers and bands, the Lions Club ran a great beer tent and wonderful food was presented by POPS Kitchen, the Lions and Pine Orchard Farm, and a huge birthday cake was baked, by Josie of Dorio's. There were crafts and demonstrations of long-ago skills and Elaine Robertson led historical walking tours through the village. Rick Sikorski was a great M.C. and Catherine Hughes our silver-throated Diva in the Rough sang "O Canada."

Art Society King, Christ Church, and York Pines United were all represented in the Craft Tent, and in other places in Tyrwhitt Park children's games were a big hit. The fireworks topped the event off with a magnificent display thanks to the Nobleton firemen.

Christ Church displayed a great banner offering pre-sales of a soon-to-be published book called "Chronicles of a Country Church" It is about the history of the village, and all the people who have lived here, many of whom helped to build the lovely stone church on the hill in 1891. The church had tables laden with Maple Leaf cookies, local honey, cards depicting scenes of the village and the church and a display of the beautiful wood pieces created by Rev. Sheilagh Ashworth.

To honour all the anniversary dates, two beautiful quilts were created by Debbie Smith (a master quilter). The fabrics used spoke of all the peoples that have lived in this land, many from "time immemorial". Many of the birthday guests chose to sign the quilts, leaving a new legacy for the future. A draw will take place for one quilt and the other will be donated to the King Museum.

There will be an opportunity for others to sign the quilts at upcoming events like "Doors Open King". A huge thank you to King Township and all the incredibly generous sponsors.

King Museum Touring Collection: The King Township Museum has been selected to participate in the Community Exhibits Program at the Legislative Building at Queen's Park in Toronto. This is an opportunity for cultural organizations from across Ontario to showcase their treasures and share their stories with a wider audience. The Museum has selected some of the specific to Canada Wedgwood pieces to place on display until November. The Legislative Assembly welcomes thousands of visitors every year and we are confident that some of them will be intrigued by our new collection.

King Pioneer Cemeteries: The Township of King has retained a consulting firm, Archaeological Research Associated Ltd., to develop a Heritage Restoration Plan for the Township's 12 Pioneer Cemeteries to guide the future maintenance and preservation of these important cultural heritage resources. The Plan has been divided into two phases, with Phase 1 focusing on the examination of 4 of the cemeteries, identifying potential conservation methods and priority for each marker. Phase 2 involves examining the remaining cemeteries and finalizing the report which will create an overall prioritization of for all cemeteries. The consultant has reported that Phase 1 has completed and report is to be drafted early September for review by township staff and the Heritage Advisory Committee. The project is targeted to wrap up in the fall and late 2017. (Elizabeth Martelluzzi)

2017 King Heritage Award: The winner of the King Township Heritage Recognition Award has been chosen and will be announced at a Council meeting in early fall. A local artist has been chosen to illustrate the winning property, which will be presented to the Township and Owner.

Christ Church Kettleby 125 Years Book Project "Chronicles of a Country Church" *Authored by Gerry Alletson of Kettleby*

*Something
to Read*

A book is currently being compiled about the life & times of Christ Church during the last 125 years. Over the generations, a close-knit community (some still living here in this unique and beautiful village) have made it, and the Church, into a rich and living legacy. We believe that Kettleby itself goes back to circa 1840. Many people still have connections or have lived in the area in and around Kettleby, and a few of the descendants of the original families still live in the village or close by. Christ Church welcomes you to share your story, history and images with us. **CONTACT:** Gerry Alletson 905-251-1693 or email gerryalletson@gmail.com
